Fluid Property Packages...			Unit Price	Quantity	Total
GASPAK[1]	v3.35	Excel Add-In *...New License*	$ 650		
	v3.35	Excel Add-In...*Upgrade from earlier GASPAK version*	225		
	v3.32	Developer's Package – Fortran Source Code...*New License*	2,200		
	v3.32	Developer's Package – Fortran Source Code...*Upgrade*	550		

Material Property Packages...			Unit Price	Quantity	Total
METALPAK[1]	v1.10	Command Line (DOS) Executable (Windows OS)	$ 550		
	v1.10	Developer's Package – Fortran Source Code	1,375		
CPPAK[1]	v1.20	Command Line (DOS) Executable ($150 if purchased with METALPAK)	325		
	v1.20	Developer's Package – Fortran Source Code	825		
EXPAK[1]	v1.20	Command Line (DOS) Executable ($150 if purchased with METALPAK)	325		
	v1.20	Developer's Package – Fortran Source Code	825		

Fluid Property Packages...			Unit Price	Quantity	Total
HEPAK[1] ([4]Helium Properties)	v3.40	Excel Add-In *...New License*	$ 650		
	v3.40	Excel Add-In...*Upgrade from earlier HEPAK version*	225		
	v3.40	Developer's Package – Fortran Source Code...*New License*	2,200		
	v3.40	Developer's Package – Fortran Source Code...*Upgrade*	550		
He3Pak[2] ([3]Helium Properties)	v2.0	[3]He properties, stand-alone Windows OS executable and DLL *...New License*	650		
	v2.0	[3]He properties, stand-alone Windows OS and DLL *...Upgrade License*	450		

(multi-copy discount available for He3Pak – email for details)

Notes:

1. GASPAK, HEPAK, METALPAK, CPPAK and EXPAK are licensed as a *Small Group License*, allowing up to 10 users in the same organization, location and work group to use the software.
2. He3Pak is licensed as a *Single User License*. Pricing for multiple He3Pak user licenses is available, email *sales@htess.com* for quote.
3. Software delivery by email attachment unless a backup CD is purchased. CD price includes export fees and postal delivery charges – within USA / Canada $25, otherwise request a quotation from Horizon Technologies (email *sales@htess.com*) for actual export and shipping costs.
4. For delivery within State of Colorado, USA, email *sales@htess.com* for quote applicable state taxes.

Software Products Order Form – Page 2

All *CryoSoft v8.0* products include Fortran Source Code and are designed to run on a UNIX or LINUX operating system. See *Note 5* below for delivery of *CryoSoft* codes.

Purchase of an *Upgrade License* on the *CryoSoft* codes applies only to individual products purchased in the past and requires authentication (date when company made prior purchase).

CryoSoft Suite (v8.1 collection) *Superconductivity Analysis...New License...*			Unit Price	Quantity	Total
SUPER-MAGNET	v2.1	Multi-tasking code manager for the integration of codes	3,500		
THEA	v2.3	Thermal, Hydraulic and Electric Analysis of SC cables	7,500		
FLOWER	v4.5	Cryogenic hydraulic network analysis	3,000		
POWER	v2.1	Electrical circuit analysis	2,000		
HEATER	v2.1	Transient/steady-state heat transfer conduction in 3D solids	4,500		
MAC	v2.9	Field, inductance, forces and AC loss analysis of SC magnetic sys.	4,000		
ZERODEE	v1.3	Zero-dimension stability analysis	1,500		
CID	v1.0	Cable interactive designer	1,500		
OPTICON	v2.2	Optimization of cross section of superconducting (SC) cable	500		
Assistance Package		12-month limited access to expert guidance & assistance in model building	1,500		

CryoSoft Suite (v8.1 collection) *Superconductivity Analysis...Upgrade License...*			Unit Price	Quantity	Total
SUPER-MAGNET	v2.1	Multi-tasking code manager for the integration of codes	1,200		
THEA	v2.3	Thermal, Hydraulic and Electric Analysis of SC cables	2,500		
FLOWER	v4.5	Cryogenic hydraulic network analysis	1,000		
POWER	v2.1	Electrical circuit analysis	650		
HEATER	v2.1	Transient/steady-state heat transfer conduction in 3D solids	1,500		
MAC	v2.9	Field, inductance, forces and AC loss analysis of SC magnetic sys.	1,300		
ZERODEE	v1.3	Zero-dimension stability analysis	500		

Bundled Pricing on *the CryoSoft v8.0 Suite*:

SUPERMAGNET + 2 other *CryoSoft* products:
- 15% discount applied to all *New License* products
- 12% discount applied to all *Upgrade License* products

SUPERMAGNET + 3 to 5 other *CryoSoft* products:
- 20% discount applied to all *New License* products
- 15% discount applied to all *Upgrade License* products

SUPERMAGNET + 6 or more other *CryoSoft* products:
- 25% discount applied to all *New License* products
- 20% discount applied to all *Upgrade License* products

Notes:

5. Delivery of *CryoSoft* codes is normally by email file attachment or file upload. CD delivery is possible and must be included in Payment box (Page 1). CD pricing for international destinations will includes export fees and delivery charges. CD pricing within USA / Canada is $25, otherwise request quote from Horizon Technologies (email *sales@htess.com*) for export and shipping costs.
